MISSION

We believe in a healthy you.

WHY WE FARM

- To create a healthier lifestyle.
- The physical activity & workout is all encompassing.
- Growing stuff we want to eat.

OUR FARM FUTURE

- To stay hyper localized in who we serve and can deliver to.
- Continue growing and making locally grown food accessible for our loyal CSA Members.

WHY GOFARM HAWAII

- Was referred by a good friend and was curious if it was a good fit.
- AgSchool & AgPro opened my eyes to how the local food system is.
- Had that interest to remain healthy through eating & growing local food.
- Support through the AgIncubator program to develop markets and time to open new revenue streams.

WHAT WE GROW & OFFER

- Green Beans
- Tomatoes
- Okra
- Carrots
- Cilantro
- Radish
- Beets
- Sweet Potato
- Collard greens
- Corn

WORD OF THE WISE

I was, in some ways, brought up to believe that farming is a 2nd class activity or job... But I've come to find out that being stuck in a cubicle is really not that healthy. Don't be afraid of work, we are meant to work not sit around in front of computers.
