MARUYAMA JONES
FARM

WHO WE ARE/Mission

Botanicals sustainably grown on our family farm in Kona, Hawaii. We believe good health is all about prevention and working with nature to live well.

WHY WE FARM

- To create things with integrity.
- After botanicals helped one of our family members regain his health, we began planting trees and flora to share their benefits with others.

OUR FARM FUTURE

- Vertically Integrate so that everything is happening on our farm.
- Skin care products made with plants from our farm.

WHY GOFARM HAWAII

- You can't do this by yourself.
- It's a ready to go kit offering:
 - ◇ mentorship
 - ◇ hands on experience
 - ◇ colleagues
 - ◇ people who are at the same level as you are
- It provides a safe environment to ask questions

WORD TO THE WISE

There's this stereotype of farmers that it's very individualistic and lonely. I feel like, to make it, you have to be willing to network and ask for advice.

WHAT WE GROW & OFFER

- Moringa
- Moringa Raw & Dehydrated leaf
- Moringa Nutrient Supplement
- Pure Cold- Pressed Moringa Oil

WHERE YOU CAN FIND US

- Farmers Market in Waimea
- Saturdays at Parker School
- The Locavore store in Hilo
- On the Farm & Online
- www.maruyamajonesfarm.com
- Watch Maruyama Jones Farm Full Interview on our website now.
