WHO WE ARE/Mission

To reconnect people back to planting. Striving to provide fresh, locally grown produce to the people of Hawaii.

WHY WE FARM

- My grandma has been inspiring me to farm my entire life.
- The Aina. Without plants we have nothing.

OUR FARM FUTURE

- Scale-up
- Longer term crops

WHY GOFARM HAWAII

- I wanted to know how to plant on a bigger scale.
- GoFarm Hawaii gave me the confidence and the connections to farm.

GREATEST OPPORTUNITY

Major opportunity for farmers right now. There is a demand for growers.

WORD TO THE WISE

Learn to accept crop failure. Failure after failure after failure. Learn from the experience, move on and replant.

WHAT WE GROW & OFFER

- Greens
- Roots
- Herbs
- Tropical fruit
